

How to get people and visitors back to church after Holidays & Special Events.

A Special Lunch and Learn Invitation

Churches do a great job of overseeing their Easter events, but after all the hard work and a great turnout, often not many people come back to church. This Lunch & Learn will show you a proven communication plan to change that and turn Easter events into times that will grow your church in numbers, and your people in spiritual maturity.

Join One Source Imaging Solutions for an hour and a half that will include a FREE LUNCH, a 28-minute Webinar by Yvon Prehn and a free copy of her latest book, webinar handouts, free samples of communications, and demonstrations of the latest in printing technology.
