After more than a year of dialogues and events, the interest in coming together as churches and individuals to break down divisions, dismantle racism in our churches and communities, and to forge new alliances is stronger than ever. With the help of a new interactive display of the In the Loop churches, and a facilitated safe conversation, we will set priorities within the four-fold purpose already laid out for Apostles/Disciples of Reconciliation, to :

- offer safe spaces for speaking & hearing the truth in love;
- organize events that address issues of racial injustice;
- take action in the community to promote racial reconciliation; and
- make changes to dismantle institutional racism within our presbytery;

- make changes to dismantle institutional racism within our presbytery.
