

Construction Update

Bullfrog Valley Stream Restoration: Construction are expected to begin the week of October 17th to restore the stretch of Bullfrog Valley Run between the pond and Derry Woods Drive. This Chesapeake Bay Pollutant Reduction Plan Project is expected to be completed in early 2023 and will help reduce sediment loads by over 200,000 pounds per year.

During this period, the Jonathan Eshenour Memorial Trail will be closed between the bridge at Bullfrog Valley Pond and Derry Woods Road. Efforts will be made to open the trail when construction work is not active; however, trail-users should plan to use alternate routes until construction is complete.

DTMA appreciates the community's patience while we work to improve this waterway.
