

The Dauphin County Municipal Waste Ordinance requires that all municipal solid waste generated in the County be delivered to the Susquehanna Resource Management Complex (SRMC) for disposal. Each year the SRMC adjusts its per-ton tipping fees for waste from Harrisburg and Dauphin County. Under the Township's contract with Waste Management (WM), these increases are permitted to be passed on to Derry Township.

WM will include this increase in the Derry Township March Quarterly billing.

With the increased SRMC tipping fee, residents using the standard service (96-gallon container for garbage and 64-gallon container for recycling) will experience a quarterly fee increase of .54 cents, bringing the total to \$138.48. The *Pay As You Throw* (PAYT) option will remain unchanged at \$6.93 per quarter, with the cost of green trash bags for solid waste remaining at \$9.50.

Services will continue as usual, which includes weekly curbside collection of solid waste and recyclables, yard waste collection from April to October, and weekly pickup of one bulk item.
