

A Path Forward:

Local Climate Action

Pennsylvania recently adopted a state-wide Climate Action Plan to reduce emissions. What does that mean for local residents and townships? In this panel-style presentation, representatives from the PA Department of Environmental Protection, Penn State University, and Derry Township will discuss the state's climate action plan and how local townships can use tools to create their own climate action plans.

Details and registration info are at www.manada.org.

November 2, 7:00 pm

Hershey Gardens Conservatory

170 Hotel Road, Hershey

Panelists include *Andrew Geronimo* (Derry Twp Climate Change Advisory Committee), *Brandi Robinson* (Penn State University), and *Christopher Nafe* (PA Department of Environmental Protection).
