#### **Scholarships**

Scholarships are being added regularly to our database in Naviance. In addition to the scholarships on Naviance, there are many other websites and resources available to all our students to access. Visit <http://www.college-scholarships.com> as an example of one of the many resources available. Scholarships come in all shapes and sizes. Students need to be proactive and devote time to researching their opportunities.

#### **PSAT 11 Scores**

PSAT scores have been released and students are encouraged to log on to their CollegeBoard accounts to access their score reports. School counselors will be visiting junior English classes within the next week to distribute paper copies of the score reports and discussing how to use these results to prepare for the Spring SAT administration. Any students who cannot access their accounts should see their school counselor or call CollegeBoard. Kahn Academy and College Board are partnered to provide a customizable practice test for students based on their PSAT results. For more details, please contact your school counselor.
