FAQ'S

Can you tell me more about the event?

The Floor Filler is an all-line dance event, featuring local instructors and user-friendly level dances. We all dance in one room on one large 2625 square foot floor. We have a theme each year, 2026 is Floor Filler 20: Red, White & Groove! On Saturday night we have a theme dance party, and dancers are welcome to decorate their tables and dress up around the theme for fun, photo opportunities, and prize for best representation of the theme.

What level of dancing should I expect?

Most dances are improver or easy intermediate level social line dances, with floor splits provided for many dances. Workshops range from beginner to intermediate levels, and the focus is always on keeping everyone dancing.

What should I wear?

Comfortable clothing and shoes suitable for dancing are recommended. Dance sneakers or shoes are common. For Saturday night's theme party, festive attire is encouraged but completely optional.

Is seating assigned?

Yes. The registration form includes a section where you can note the group, instructor, or other dancers you would like to be seated with.

Do you provide steps sheets for the workshops?

Yes. A few days before the event you will receive an email package with step sheets, workshop schedule, evening playlists, local eateries, and everything else you will need to know.

Is food included?

No. Meals are on your own. The resort restaurant is available, and there are additional dining options in the area.
