

We increase your profits  
while solving eWaste  
problems

Recycle Global Exchange (RGX) is a B2B digital e-waste marketplace making direct connections.

We're setting the industry standard as the go-to marketplace for all asset disposition management.

### GLOBAL PROBLEM:

- Only 12-15% is recycled
- Broken value chain
- Manual user experience
- Wasted CO<sub>2</sub> emissions

### NEW SOLUTION:

- Direct Transparency
- Local Logistics
- Reduce Carbon Impact
- Increased Customer ROI

### PATENT PENDING PROCESS:

Simplify the process by using automation and standardization. A transparent marketplace makes it easy for all users to click and transact.
