

## Help Support Making Waves - Care for Creation *Friday, November 12<sup>th</sup>, 2021*

Dear Family and Friends:

I am participating in **St. Stephen Catholic School Making Waves – Care for Creation** on Friday, November 12<sup>th</sup>. Each year, my school holds an annual Fun Run to raise funds to help our school provide programs that enhance my educational experience and that of my classmates. My school plays a role in providing me with great academic resources and guides me to become the best that I can possibly be. During this event, my friends and I will exercise, have fun and learn about caring for sea creatures.

Please help support my efforts by donating to our Fun Run. You may pay a one-time pledge amount by using the link below or by going to our school website. Checks can be made payable to SSCS PTCO and mailed to me or direct to the school at 10424 St Stephen Circle Riverview Florida 33569. Please be sure to include my name and grade so my class is given credit for your kind donation.

Thank you for helping me and my class raise money for our school and for supporting us in this exciting event. All donations are tax-deductible.
