Facing Class and Classism: in Our UU Congregation & Faith Community

This highly interactive half-day workshop with UU Class Conversations will help you:

- Become familiar with the concepts of class and classism.
- Explore your and others' class culture and the unique strengths and challenges of each.
- Develop language, concepts and strategies to bridge class differences.
- Consider the intersection between class and race and other issues of diversity.
- Better understand the role of classism in escalating inequality.

Learn how Class Conversations can help your congregation or UU organization explore class.
