COVID-19 Vaccines Additional Doses: Codes & Payment

The FDA amended the emergency use authorizations (EUAs) for both the [Pfizer BioNTech COVID-19 vaccine](#) and the [Moderna COVID-19 vaccine](#) to allow for an additional dose in certain immunocompromised people.

Effective August 12, 2021, CMS will pay to administer additional doses of COVID-19 vaccines consistent with the FDA EUAs, using [CPT code 0003A](#) for the Pfizer vaccine and [CPT code 0013A](#) for the Moderna vaccine. We'll pay the same amount to administer this additional dose as we did for other doses of the COVID-19 vaccine (approximately \$40 each).

We'll hold and then process all claims with these codes after we complete claims system updates (no later than August 27).
