AGENDA

2-3pm	<p>STEM BEST Visit: Southeast Warren Animal Learning Center</p> <p><i>Purpose: To see and hear first-hand from the recipients of the programs that this advisory team supports. Gather important information about successes and challenges so that, as advocates, we might leverage our time and talents in support of the students and educators that receive STEM awards.</i></p>
3-4pm	<p>Scale-Up Educator Application Awards and FY26 Budget Discussion</p> <p><i>Purpose: To ensure distribution of the Scale-Up opportunity across the South Central region. We will review application numbers and distribution. We had a successful recruitment phase for applications and have more demand than the region can award at this time. The board will determine a priority list for how to award applications. The board will also determine how much money to reserve for STEM Festivals in the 2025-2026 year.</i></p>
4p ADJOURN	<p>Next meeting: Thursday, April 24, 2-3pm Virtual</p>

2025 SC STEM Board Meeting Schedule

April Thursday, April 24, 2-4p [Virtual](#)

May No meeting

June In-Person STEM Teacher Externship Visit (TBD once placements are finalized)
