2018 FOCUSED UPDATE ON HER2 TESTING IN BREAST CANCER

Webcast Presented by:

Julie Steele, MD

Division Head of Anatomic Pathology
Scripps Clinic Medical Group
La Jolla, CA

Thursday, April 04, 2019

CSP Members and Scripps Pathology
Webcast Lecture

Registration Time: 11:45 AM PT

Presentation Time: 12:00 PM PT

To register, please use the following link or contact the host below
www.geniersvp.com/SGEN23468 or call 877-285-7437

This unbranded, interactive case-based discussion is designed to highlight the 2018 ASCO/CAP HER2 testing guideline recommendations for breast cancer.

Discussion topics will include

- Revision of the IHC 2+ (equivocal) definition
- Classification of less common patterns observed when performing dual-probe ISH testing
- Interpretation criteria for ISH and concomitant IHC review for dual-probe ISH groups
- Importance of multidisciplinary collaboration to enhance quality HER2 testing
- Relevance of pre-analytics, tumor heterogeneity, and retesting discordants for accurate HER2 testing

If you have any questions or to RSVP, please contact

Claudia Cox, Genentech, Inc.

cox.claudia@gene.com or 760-207-9975

ASCO=American Society of Clinical Oncology; CAP=College of American Pathologists; HER2=human epidermal growth factor receptor 2; IHC=Immunohistochemistry; ISH=In situ hybridization.

Minnesota, New Jersey, Vermont, and Federal Entities (eg, the Department of Defense, the Department of Veterans Affairs, etc) have restrictions on receiving in-kind benefits (eg, meals, valet parking) at company-sponsored events. You are accountable for understanding such restrictions and complying with them. If you are licensed in or affiliated with any of these states or federal agencies, Genentech policies may restrict you from consuming any portion of the Genentech-sponsored meal at this program or from receiving any other in-kind benefit from Genentech (eg, valet parking) in connection with the program.

When you RSVP, please indicate whether you will accept or opt out of Genentech's in-kind benefits (eg, meals, valet parking) at the program. If you choose to opt out, you may either pay for the meal and parking on your own or not consume anything at the program.

For all program attendees who receive Genentech's in-kind benefits at this program, Genentech will report the attendee's name and the value received as required by federal and state disclosure laws (for more information on the federal law please visit sunshine.gene.com).

The meal cost may vary by event location and be up to \$150 per person (exceptions may apply).

This program is presented by Genentech, Inc. This is not an independent educational program and no CME, CNE, CPME, or CEU credits will be provided.
