

# Building Blocks Group Service

(Specialized Instruction Peer Group with Parents)

The Building Blocks Group service is a center-based Early Intervention program for children 12 months to 3-years old and their parents or caregiver. Activities promote child development across all developmental domains with an emphasis on social-emotional interactions between child and parent/caregiver.

Children will participate in activities such as Welcome Time, fine- and gross-motor activities, art, outdoor play, music, and story time. Children will also benefit from routines, practice with transitions, and behavioral support.

- Location: PCDA, 620 N Lake Ave., Pasadena
- 9:00 AM-11:30 AM four mornings per week, with one home visit each month
- Parents or caregivers participate in all sessions, including discussions about development and parenting
