Dear neighbors,

National Prescription Drug Take-Back Day is this Saturday, Oct. 28. On this day, residents can bring prescription or over-the-counter medications that have expired, or that they no longer take, to locations throughout the county for proper disposal. You may also bring medications on behalf of family members or friends who are not able to bring the drugs themselves.

Tablets, capsules, ointments, creams, liquids, vitamins, and pet medicines will be accepted. Sharps, syringes, thermometers, and oxygen containers cannot be accepted.

These locations in our community, in addition to most local police stations, will be accepting medications **Saturday from 10 a.m. - 2 p.m.:**

Around the District

Thank you to York City for inviting our office for another year of spooks and fun at **Trunk or Treat!**

It was great to see all the participation and the smiles on everyone's faces. This is another example of how we can do great things together in the White Rose City!

I was so proud to participate as a judge in **Introduce a Girl to Engineering Day**. It helps focus a growing movement to inspire young girls' futures, so they know they have a place in the engineering world. This will be the first of many events Columbia Gas will locally sponsor to bring awareness to the diversity, equity, and inclusion culture that we embrace.

Just one day can make a difference by sharing their knowledge and experience, while having some fun! **Give girls the chance to think like an engineer and you'll be amazed at what they achieve!**

Exciting things are happening here in the city of York. I stood alongside Lt. Gov. Austin Davis, state Rep. Ismail Smith-Wade-El, and Jose Serrano, York Community Resource Center's chairman, in a ceremonial groundbreaking for a **new bilingual workforce development center**, known as [**York Tec Centro**](#), located at 800 E. Market St.

When it opens next year, it will provide career training, adult education, and English as a second language. Located on the east end of the city, this center serves anyone in the York area both in and out of the city. Congratulations and thank you AliceAnne Frost, executive director of YCRC York Tec Centro and Tom Koppmann, regional president of Southeast Pennsylvania M & T Bank, for the collaboration between these two organizations to make this happen. **The community is very excited about this much needed resource.**

I was happy to host an afternoon event in my district office with residents and constables regarding personal safety awareness. THANK YOU, Constable Michael Smith, and Constable-Elect Roy Getendanner, for providing information on **Situational Awareness and Personal Safety.**

Some of the many subjects covered were household security, mindful preparedness, vehicle theft, and scams. This was eye-opening and helpful in teaching us how to protect ourselves in various situations, and a reminder of: "If you see something, say something."
