Dear Neighbors,

As the elections draw closer, I encourage everyone to make sure they are registered to vote and to make a plan to vote on Nov. 5!

Voting is the keystone to our American democracy. When you vote, you help to create a more equitable and responsive society.

Around the District

I am proud to announce the School District of the City of York has been awarded a \$3,385,636 grant from the state to cover the costs of remediating the district's [school buildings](#) and make them safer.

The money will be used to fix environmental hazards, including the elimination of any lead, mold, and asbestos; and to repair and replace heaters and air conditioners where needed. It comes from the state's [Public School Environmental Repairs Program](#), under funding approved by the legislature in the 2023-24 state budget.

□ □ □ □ □

It was educational for me to visit the [York County Solid Waste & Refuse Authority](#) in Manchester Township. This center, which employs about 55 people, produces more than a quarter Million megawatts of power each year... from waste. In addition, it safely breaks down and recycles a lot of York County's waste. Thank you for the tour!

□ □ □ □ □

Congratulations to Move Forward Counseling for their ribbon cutting this past Thursday! With over 60 licensed therapists between their 7 therapy offices, they can take in new clients at much higher rates with this new space. They also offer free online counseling for homeless students via the Bridge Project in PA. I hope that many constituents will be able to utilize their services, and look forward to seeing your impact on the community!

I'm excited to be hosting a
Multicultural Small Business Resource Fair
on October 6th!

Businesses can attend for networking, as well as information on grants, small business loans, and state licensing. We will do our best to answer any questions you may have or get you in contact with those who have the answers.

The event is open to the public so we can all get to know more about our neighbors and the resources available throughout the community.

I hope this event encourages us all to shop small & support each other!

Program Reminders

Be vigilant against ATM and Point-of-Sale (POS) Terminal Skimming!

Tips when using an ATM or POS terminal, including for EBT:

Inspect POS terminals, ATMs, and other card readers before using. Look for anything loose, crooked, damaged, or scratched. Don't use any card reader if you notice anything unusual.

More tips:  fbi.gov/skimming

We have heard from DHS, as well as constituents, that EBT scammers have been skimming SNAP benefits at extremely high rates. If you believe you have been the victim of such a scam, please reach out to your local County Assistance Office. My District Office has the form to report skimmed EBT cards, which we can submit to the Department of Human Services. However, you choose to submit this information, take these steps as soon as you are able to! The quicker you report it, the quicker you can get re-issued a new card, and the quicker your benefits can be re-issued to you!

PLEASE NOTE: There is misinformation that my District Office now handles Food Stamps reimbursement, we do not. As always, the

Department of Human Services and your County Assistance Offices oversee EBT/SNAP benefits. Our office can simply submit an inquiry on your behalf in the event of questions, concerns, and special circumstances regarding your benefits. If you have any question or require assistance, please contact my office at 717.848.9595

Again, We DO NOT reinstate SNAP benefits in my office.
