Dear Neighbor,

I hope this email finds you well. Below is some useful information on legislation I've introduced and what I have been doing on your behalf as representative of the 95th Legislative District.

I wish you a safe and happy Memorial Day. Please remember our fallen soldiers, sailors, and Marines and the sacrifices they made on our behalf.

Thank you for attending!

My **Open House** was so full of joy and dancing. Thank you to [York City Fire and Rescue](#), [York City Police Community Outreach](#), Goodwill, [Constable Michael Smith](#), Angel Minaya from [Up North Barber Shop](#), Francisca Mendoza from Tira's Unisex Salon, DJ Jorge, [DJ Mayimbe de York](#), and Daneris Gomez for your time giving back to the community.

Thank you to the educators who joined my in-person **Teacher Town Hall** to discuss the education profession, your needs, what's happening in Harrisburg to improve the field, and what's to come.

Around the District

I recently presented two of our local Senior Centers, White Rose Senior Center and Crispus Attucks, with checks made possible by the 2022-23 **Senior Community Center Grant program**.

Crispus Attucks Association received \$9,380 to fund nutrition services for its Active Living Center...

...and White Rose Senior Center will receive \$15,723 to help fund various programs and services.

As we know, senior centers around the commonwealth suffered a huge loss of resources during the pandemic, so I'm very encouraged by this well-deserved financial support. The Active Living Center (1995) and White Rose (1984) have been with us for decades, and they're well-loved, highly beneficial staples of their communities.

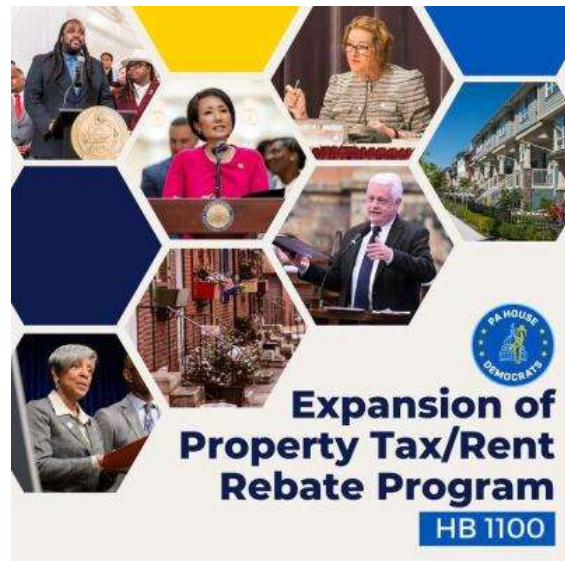

Congratulations to both centers for all your hard work and dedication in the community!

I had the pleasure of presenting a citation to **West York Music Alumni Band** on their 100th year of sharing and playing wonderful music together, from senior high schoolers to alumni.

My Legislation on the Move

My bill to create financial relief for our neighbors in need is moving forward, was adopted by the House Finance Committee unanimously! House Bill 1100 would increase eligibility and rebates for the **Property Tax/Rent Rebate program** in coming years.

While rent prices, and property tax rates have greatly increased over the past 16 years, the PTRR Program's thresholds have remained the same - meaning we've had to turn away too many people in need of financial relief to continue living their lives.

I'm calling on the House to approve H.B. 1100 as soon as possible. Let's get this bill to the Senate!

I'm so glad the House Veterans Affairs & Emergency Preparedness Committee voted to approve HR109! I introduced this resolution to officially recognize this week as **Emergency Medical Services Week** in Pennsylvania.

This week highlights the sacrifices of doctors, nurses, paramedics, emergency medical technicians (EMTs), firefighters, police, 911 dispatchers, and other first responders who rush to render aid to those in need. Our EMS workers greatly deserve this annual recognition of their service to the people of Pennsylvania!

I'm encouraged by progress on H.B. 1092, which was approved by the House Transportation Committee and is now up for consideration by the full House.

This measure would **support our struggling trucking industry** by giving a second chance to individuals who once held a commercial driver's license, but had it permanently revoked due to certain criminal offenses.

We rely on commercial drivers to be able to walk into stores to buy food, clothing, medicine, and other goods for our families and for ourselves. When we don't have enough commercial drivers, those store shelves remain empty.

I recently participated in **Chesapeake Bay Commission** meetings in Washington, DC. Review the agenda and presentations [here](#).

Advocacy

I am working with stakeholders and advocacy groups to find ways to fix the wage crisis and staffing gaps within our early childhood education.
