

## Can You Help Asylum Seekers?

Members of the choir have recently adopted 5 new asylum seekers from Angola. Two are temporarily housed at Francesca and Phil Steele's home so they needn't remain in a homeless shelter. We are reaching out to our congregation with various requests - the most important being an apartment or house for all 5 or a combination of 2 and 3 that they can permanently rent.

In addition, the following are needed:

- Clothes, coats and shoes
- Toiletries
- A small refrigerator
- Money for transportation and other incidentals
- French translation
- Invitations to dinner or a local sight seeing trip
- Contacts with the local Angolan and/or other immigrant community
- Assistance with driving to/from appointments
- Opportunities for volunteering so they can increase skills and make contacts in the community
- Medical consultations
- English language lessons/practice

Many thanks!
