NORTHEAST FLORIDA ENGINEERS WEEK

for Engineering & Construction Management Sponsorship Opportunities

Dear Colleagues:

The 2023 Northeast Florida Engineers Week Committee continues to raise awareness of Engineering and Construction Management in our community. National Engineers Week will take place **February 19th – 25th, 2023**. Engineers Week (E-Week) showcases the work of our profession and hosts numerous activities that engage students of all ages. The Northeast Florida E-Week officially commences with the Kick-Off Scholarship Luncheon on February 17th and concludes with the Awards Banquet on February 25th.

We are asking you, the Engineering and Construction Management industry, for your support this year as we carry on our tradition of providing scholarships to high school and college students. Through your contributions, we are also able to provide students the opportunity to attend many of the E-Week events. This exposure allows the next generation to understand the impact of engineering and construction in their daily lives, encourages them to pursue these career paths, and introduces them to professionals in our community.

The 2023 Sponsorship Program and E-Week event information are provided on the following pages, as well as on our website (https://nefleweek.com/). **We're excited to bring back our E-Week golf event this year!** We hope that you will support E-Week as a sponsor and attend as many of these events as possible!

We would like to thank you in advance for your sponsorship consideration and truly making an impact in our community! ***Please feel free to contact any member of the sponsorship committee with questions (https://nefleweek.com/contact-us).***

Sincerely,
2023 Northeast Florida Engineers Week Committee

Corey T. Chascin, P.E.
Sponsorship Committee Chair
