

# GRADUATE STUDENTS

2023-2024 SCHOOL YEAR

# HIGH SCHOOL & UNIVERSITY

## Introduction

We are proud to present in this yearbook our graduates who completed high school and university in July 2024. Their graduation certificates will afford them the opportunity to move forward to college, to apply for a job, or to become self-employed.

The students collectively attended all five of San Jose del Cabo's high schools and the two public universities in town. The yearbook has been arranged alphabetically by lastname. The name of the school attended is on the left of each photo.

For this yearbook we asked the students to tell us about what Liga MAC has meant in their lives. We also included their General Point Average. In Mexico students are assessed in a scale of 0 to 10. All our students are required to keep a minimum GPA of 8.5/10.

From the total of 54 high-school graduate students, 42 are moving forward to university. Their chosen career is stated below their photo and the number of years that they were under our wing. Twelve have received scholarships from renowned local charitable organizations to attend university. 24 will continue on their own to university and six with further help from Liga MAC. The rest are to start working or they are already employed. All eight university graduates have jobs in their field.

**During their time with Liga MAC our students are helped with school uniforms, shoes, supplies, registration fees, supplemental academic programs, and life skills seminars. In addition, where necessary, Liga MAC provides food vouchers, medical aid (including psychological counsel) and mentorship.**

**From all of us at Liga MAC, we want to express our deepest appreciation to all our donors, friends and supporters who have made this possible.**

**Thank you!**

*Elva Hara*

**Executive Director**

CECYTE 04

## AGUILERA CARMONA KARLA KARINA

GPA 9.8/10

2 years with Liga MAC.

Career Path: Electromechanical Engineering at ITES with BBF\* scholarship.

"Being part of Liga MAC changed in the way I looked at my studies. Committing to this program made me more motivated and responsible thus opening more doors for me.

The English program was, without a doubt the best experience. I also feel grateful for the financial support to pay for school expenses."

COBACH 02
