CGSA Introduces New Club Membership Category: Sign Up Now and Save!

The Canadian Golf Superintendents Association (CGSA) is excited to announce the launch of a new membership option designed to provide savings for those clubs who have multiple staff members at one facility.

The Club Membership option is offered at **\$1,175** and includes a minimum of three (3) Members from the same Club, anchored with **one** Superintendent member and then include either two Assistants or one Assistant and one Equipment Technician or any combination of those two categories. This is designed to provide savings for courses with three or more staff. By signing up you will save a minimum of **\$49** on the three memberships. Save even more by adding additional staff at **\$125** each. You will be providing your staff with access to all benefits of a CGSA member except voting rights.

Membership in your National Association is an important part of individuals' professional development and can also serve as a tool to increase retention and further their involvement in the industry. All keys to create and retain a successful team for Superintendents.
