

## Manitoba GreenMatter Report

As March begins in Winnipeg the weather seems to be turning warmer following a fairly mild winter. Superintendents are waiting to see what winter results will look like following the rainfall that occurred in the Winnipeg area in November. Fingers are crossed that the worst of the potential winter injury will be avoided.

A group of Superintendents, Assistants and Industry Representatives just returned from the Canadian in Ottawa from March 2<sup>nd</sup> to 5<sup>th</sup>. The show was well received by many of the attendees that I have had the chance to visit with and the attendance and trade show numbers are all above last year's successful conference in Banff. At the CGSA AGM Secretary Treasurer John Scott was pleased to announce that CGSA had another successful year financially with profits of approximately \$94,000.

CGSA has announced the upcoming Fall Field Day and Canadian GIS dates for the upcoming year. While it is still a few months away, now is a great time to start planning to attend these fantastic events.

I would like to congratulate Dustin How of Southwood Golf and Country Club for earning his AGS designation. I would also like to congratulate Jarret Rempel for recently writing and earning his AAGS. For those in Manitoba considering writing the designation exams I would encourage you to reach out to [Lori](#) to set up the exam.

Braydon Gilbert

CGSA Director Manitoba
