

Saskatchewan Regional Report

Golf season is in full swing here in Saskatchewan. Most courses have been open since the last week of April. A majority of courses wintered well; some areas of the province are dealing with some desiccation and some areas with ice damage.

This spring has proven to be very unique with Mother Nature showing all four seasons in about three days and then getting right to mid summer temperatures. Many consecutive days of high heat have left some courses begging for rain while other parts of the province have had enough precipitation and then some.

We have a few notable tournaments coming to Saskatchewan this month and I would like to wish the superintendents well. Steve Percy and his team at the Evergreen Golf & Curling Club in Nipawin will be hosting the NextGen Prairie Championship with Golf Canada from June 16th-18th. Blaine Fagnou and his crew will be hosting the Elk Ridge Saskatchewan Open, PGA TOUR CANADA-Fortinet Cup for the second year in a row at Elk Ridge Resort. This event will run from June 22nd-25th.

The Saskatchewan Turfgrass Association will be hosting a summer field day at the Humboldt Golf Club on June 13th. I hope there will be a good attendance and I look forward to seeing others in the industry.
