

CGSA Regional Report (Quebec)

Over the past couple of weeks, golf courses around the province have started resuming activities. Many courses set May 1st as their opening day for permitting play. Golf courses in most parts came through the winter in relatively good conditions. Temperatures have fluctuated this spring but have allowed superintendents and their crews to get out on the golf courses. QGSA had their SSGQ in early March. The two days were well attended and had great speakers. The next event on QGSA's agenda is the Don Gordon Classic suppliers tournament at the Parours de Cerf Golf Club July 16.

Municipal by laws restricting pesticides use is the topic concerning superintendents across Quebec. Luc Ladouceur is following this closely and will be working with QGSA and other associations to inform and work with municipalities with their concerns.

The second annual Spring Shamble will be held at the Okanagan Golf Club in Kelowna BC on June 24. This should be a great outing. The 2025 Fall Field Day National Championship will be held at Laval Sur Le Lac Golf Club in Laval Sur Le Lac, QC on October 7, 2025. I am looking forward to playing Luc Ladouceur's beautiful golf course.

This will be a sold-out event so register early to be a part of one of the best golf courses in Quebec.

I hope everyone has a great start to the season. Take care of your golf courses but also take care of yourselves. Have a great season.

John C. Scott AGS

Quebec Director
