

Reach for the Top! Start Tracking your CEC Points Today!

As a CGSA member you can track your “continuing education credits” (CEC’s) on-line within your membership record and include credits for CGSA events and other educational activity.

It is simple! Just login to the website as a member and go to **MEMBERS HOME** tab then **My Certification** and start tracking all your credits.

Here’s how:

- Add New Credit – Under Notes add your event here e.g., seminar, conference, also add the date and location of the event
- Under Designation – Add what you are applying for or renewing e.g. MS, AGS or AAGS
- Under Expiry date – Add the approximate date you will have your application complete or add in your renewal date here
- Under Number of Credits - add in your CEC amount here e.g., 4 CEC
