

SPECIAL ANNOUNCEMENT

Dear Members,

James Beebe recently announced to the Club that after 30 years of service, 2023 will be his final season as Golf Course Manager at Priddis Greens. We will greatly miss James' unwavering support, exceptional leadership, and genuine friendship. While James' future plans remain in the developmental stage, his only decision at this point is to include time on weekends golfing with friends and family and improving the quality of his home lawn.

We will work with James over the coming months to find someone to fill his legendary shoes and ensure a smooth transition. There will certainly be further acknowledgement of James' dedication and achievements as well as opportunities to celebrate his legacy before he retires. Below is a note from James that he asked to pass along at this juncture.

“Over the past 30 years I have had the privilege of being a part of many great teams, all of whom were dedicated and committed to the vision of making Priddis Greens a world class facility. I am proud of our many shared accomplishments, grateful for the relationships I have developed and am extremely proud of the Priddis Greens culture that includes an incredible passion for our golf courses and a special camaraderie between the membership and employees. In my mind, there is no better place to work or golf than Priddis Greens.

I made this decision to pass the torch after reflecting on my career accomplishments and evaluating my personal and family needs for the next phase of life. There is no better time for this transition as we have an excellent team in place, and the Club's leadership group are aligned around the stewardship of our facility and are focused on maintaining the Club's culture of inclusivity that makes Priddis Greens so special.

I remain as passionate for Priddis Greens as ever and am committed to continuing our mission of continual improvement, fostering inclusivity, and providing the membership an exceptional experience. My personal goal is to make 2023 the best season ever. "

-James Beebe

Please join us in thanking James for his remarkable loyalty and commitment to Priddis Greens the next time you see him.

Sincerely,

Chad
General Manager & PGA Executive Professional
