Pursell Agri-Tech and Plant Products team up to bring innovative new controlled release fertilizer to the Canadian market

Sylacauga, Alabama and Leamington, Ontario June 17th, 2019

Pursell Agri-Tech and Plant Products have entered into a supply and distribution agreement for the Eastern Canadian market. The addition of PurKote to Plant Products' portfolio will enhance its offering of high quality, controlled release products for turf and nursery growers.

"Plant Products is excited about partnering with the people at Pursell Agri-Tech. The Pursell name is well known in the industry and comes with many years of experience and know-how." says Chris Stickles, President of Plant Products. He continued, "This partnership will allow us to broaden our product range and bring value to our customers".

"Pursell Agri-Tech is pleased to be partnered with a company like Plant Products as we believe that they have the organization and technical know-how to ensure our products become a success in Canada," said Jason Woulfin, sales and marketing director of Pursell Agri-Tech.

About Pursell Agri-Tech: 104 Calhoun Avenue, Sylacauga, AL 35150

The Pursell name has been in the fertilizer business since the turn of the last century and continues to bring innovative fertilizer solutions to both the domestic and international fertilizer market. The latest in these innovations is the launch of Pursell Agri-Tech.
