

## **The University of Guelph's Superintendent In Residence 2025**

The Superintendent in Residence (SIR) program is a unique program where an experienced industry professional is invited to spend a few days on campus with Associate Diploma in Turfgrass Management and Turf Managers Short Course students. In addition to spending time with the students, the SIR is invited to give a public lecture covering their career path and an additional topic of their choosing.

The SIR presentation is usually attended by U of G turf students, faculty, instructors and local industry professionals.

The 2025 SIR is **Jayson Jackson**, a graduate of the 2016 Diploma in Turfgrass Management program. He has been the golf course superintendent at the Port Royal & Ocean View Golf Course in Bermuda since 2021 and he also has experience working at golf courses in Florida and Hong Kong. We look forward to learning about his experience working with high-end properties in tropical climates.

When: Thursday February 13th, 5:30 pm

Where: Cutten Fields, 190 College Ave E

This is a FREE event but we do ask that you register.
