

Syngenta Welcomes Scott Horsburgh as Turf Specialist

We're excited to announce that Scott Horsburgh will be joining the Syngenta team as a Turf Specialist for Ontario North, starting June 1. With over two decades of industry experience, Scott brings a wealth of knowledge and a proven track record of success to our organization.

Scott has been a dedicated salesperson at Plant Products since 2004, a renowned provider of horticultural and turf solutions. During his tenure, he consistently drove growth and fostered strong relationships within the Ontario market. His reputation as a trusted advisor in the turf industry stems from his ability to understand customer needs and deliver tailored solutions.

Before joining Plant Products, Scott served as a Technical Sales Representative at Vanden Bussche Irrigation. This role allowed him to deepen his technical expertise and gain a comprehensive understanding of the unique challenges faced by turf professionals.

In his new role as a Turf Specialist at Syngenta, Scott will utilize his extensive experience to provide expert guidance and support to our valued golf course and retail partners in the Ontario market. His strong industry relationships and deep understanding of turf needs will reinforce Syngenta's position as the leader in the field.

Scott will be based in Lindsay, Ontario, and will cover the Greater Toronto Area (GTA) north and east to Ottawa and the Quebec border.

Please join us in warmly welcoming Scott Horsburgh as he embarks on this new chapter in his career with Syngenta
