

Greenmatter Manitoba Report

Golf Courses in Manitoba are starting to emerge from the most recent bout of restrictions and continue to be busy. Food and beverage operations are starting to open up and golfers are able to access more of the facilities throughout the province. On the weather side, most of the province remains very dry and it continues to be warm. Rainfall is much needed just about everywhere in the province with some areas in a fairly serious drought.

Due to restrictions the MGSA was forced to cancel its first two events of the season however, they are hopeful of moving forward with the remaining slate of monthly meetings. Next on the schedule is the annual John B. Steel Championship at Minnewasta hosted by Marcel Deneer, AGS. In August, the annual Turfgrass Tournament will be held at Bridges Golf Course hosted by Tony Feheregyhazi. Finally in September we will meet in the Brandon area at Glen Lea Golf Course Hosted by Jordan Joye. Hopefully the Covid-19 situation continues to improve and we are able to enjoy the company of our peers at these events.

I would like to wish everyone the best of luck with their summer season and hopefully in Manitoba we get a few timely rainfalls to help out.

Braydon Gilbert, AGS
CGSA Manitoba Director
