

ALL CGSA members have complimentary access to ALL content in the Live Learning Centre (LLC).

As a member of the CGSA, you should have received a direct email from CGSA Media containing your username, password, and step-by-step instructions on how to access all sessions.

This valuable member benefit provides access to on-demand education on a variety of topics that support the continuing professional development of our members.

The LLC web portal contains recordings of sessions originally delivered in person, including presentations from the 2026 Canadian Golf Course Management Conference, many of which are approved for Continuing Education Credits (CECs) across Canada. These sessions are now available for viewing through the centre and contain the same content presented during the live event, carrying the same approved CEC value.

The more you watch, the more you save. The 2026 Conference package alone is valued at \$299 plus tax.

For more information, please click [here](#).

Take advantage of this member benefit today and don't miss your opportunity to access these valuable educational resources.

Know a colleague who is not a CGSA member? Please share this information with them — they can join [here](#).

If you have any questions regarding this benefit, please contact Lori Micucci at the CGSA office.
