

## *Perks that come with NEW Benefit Options*

CGSA just launched new benefit options and one of the perks of upgrading your membership benefits to the **Premium** or **Ultimate** package is receiving *memberperks* through Venngo.

Memberperks offers the most robust, fully managed discount programs from leading brand name companies and trusted local businesses at thousands of locations across North America. There is something in there for everyone to enjoy as well as save money for themselves and their families.

Testimonials that we have already received from members:

- I am a new Memberperks member and my first quote was with the Co-operators Insurance for home and automobile and not only did I find them extremely helpful and efficient, I am saving over \$300/month with my new policies effective immediately. If you use reference #665992 for your quote, you can also be entered into a draw for a \$500 gas card. I will definitely tell all of our members to take advantage of Memberperks and The Co-operators
- I used Flight Network through the memberperks program and not only got a better rate with Westjet but I also saved an additional \$15 off my flight to Calgary
- I was able to buy Blue Jay tickets at a great price through this program
- I saved on my car rental in Calgary for the Fall Field Day and will do this again for the upcoming conference in March to get from Calgary to Banff
- I saved \$16.00 by purchasing CNE tickets this past summer through the CGSA memberperks program

## **Update your Member Profile to be included in the 2018-2019 Membership Directory**

Another benefit of the **Premium** and **Ultimate** benefit packages is receiving a copy of the CGSA Membership Directory. We know a lot of our members have their personal e-mail address on file to receive our e-mails. In order that we include all members' e-mail addresses in the Directory, including personal e-mail addresses we need you to login to your membership on-line and check the box in My Account **MEMBERSHIP INFORMATION** at the bottom where it says **ADDITIONAL INFORMATION**. Click edit and check the box to **Yes** that says: ***Do you want your mailing address to appear in the Membership Directory.***

If we have a personal e-mail address on file for you and the box is not checked off, we will only include your name and the business information we have on record for you in the Directory.

For more information on each of the benefit options that are now available, click [here](#) or contact Lori Micucci, at 1-800-387-1056 or [lmicucci@golfsupers.com](mailto:lmicucci@golfsupers.com).
