

Happy New Year! I hope everyone had a great holiday season with family and friends.

Old man winter finally showed up this week in central Saskatchewan with 4-6 inches of snow, blowing winds and much colder temperatures. This fall, early winter has been unique for the province with very little to no snow and mild temperature depending on locations. Some areas are concerned about potential ice issues this winter and all areas are happy with the snow before the temperatures plummet.

November 7th and 8th the Saskatchewan Turfgrass Association held their Fall Wind Up and Annual General Meeting. The event was hosted by Lance Wakefield at The Royal Regina Golf Club in Regina. It was a well attended event with great company and speakers.

Make sure to get registered for THE CANADIAN Golf Course Management Conference. It's going to be a great event in Montreal, Quebec from February 27-29, 2024.

I hope everyone has a wonderful 2024 and I am really looking forward to seeing familiar faces at THE CANADIAN in Montreal at the end of February!

Tyler McComas
Saskatchewan Director
