

May 14, 2021

Dear Parents,

The English teachers at Grace Christian School are committed to an ongoing reading program for the students that includes summer reading. We believe this emphasis is important in preparation for life in general and, specifically, for success in high school, pre-college testing, and college itself. We also want our students to find enjoyment in reading books of interest.

The Purpose Behind Required Summer Reading at GCS

The Grace Christian School summer reading program is an important aspect of our academic program, especially considering what studies reveal:

- The number of books read in summer is consistently related to academic gains.
- Significant vocabulary gains take place when students read in the summer.
- Significant fluency gains take place through summer reading programs.

When selecting books for our different grade-level summer reading lists, faculty and staff at GCS make choices based on historical and subject significance, literary merit, and the goal of fostering a life-long love for reading in all of our students. It is with these and the following thoughts in mind that we require reading over the summer:

- To provide the opportunity for students to keep literacy skills sharpened.
- To motivate students to read for pleasure while guiding them to make sound choices (using an approved book list which includes a mix of classic and contemporary options, as well as a variety of genres).
- To foster the correlation between reading and writing skills.
- To encourage our students to discover and develop a sense of ownership in their reading lives.

Throughout the school year, students read from a variety of literature genres. These books are specifically selected to coincide with some of the other disciplines such as history, geography, and vocabulary.

Summer reading specific guidelines:

- Summer reading is a required assignment.
- The signed form documenting completion of summer reading is due on Friday, August 27th.
- Students are required to read one regular book from the list and one higher level book (marked with one asterisk* in a column with the heading "Higher Level Books").
- If all the guidelines on the Summer Reading Letter/Form are followed, the student will receive a 100 test grade first quarter.
- If a student reads two books, but one is not at a higher level, and the student complies with all other guidelines, the student will receive a 90 test grade first quarter.
- If a student reads only one book (high level or regular) and complies with all of the other guidelines, the student will receive an 85 test grade first quarter.
- If a student does not read any books, the student will receive a 0 quiz grade first quarter.
- No forms will be accepted past the deadline. Any student who has not returned the signed form by Friday, August 28th will earn a 0 quiz grade for first quarter.
- Summer reading books that are chosen must be the original, complete version. Abridged or condensed versions will not be accepted.

In addition, if you read as a family one book of your choosing, not necessarily from the suggested list, your child will receive an additional "A" test grade.

Please refer to the GCS website for a complete list of approved books, which includes a brief synopsis of each book. You will find this resource helpful when choosing your books. A parent and the student must fill out and sign the form below and return it to their teacher by the end of the first full week of school. Please contact me if you have any questions.

In His service,

Cherie Morel

Return this form to your reading or literature teacher by Friday, August 27th.

I have read in full the following book(s) this summer:

Book Read by Student _____

Book Read by Student _____

Book Read as a Family _____
