We are honored to support the mission of the Dickerson Children's Advocacy Center as our benefit organization of the year. A sponsorship donation in support of the Corn Hole Tournament on June 5th will provide funding to purchase gardening and building supplies, construction costs, and outdoor furniture.

The Dickerson Children's Advocacy Center helps children who have been affected in a domestic violence situation, heal in a safe space with professional counselors, and advocates for their well being. Our goal is to provide The Dickerson Children's Advocacy Center an environmental therapeutic greenspace for their most vulnerable patients.

The center helps children who have been affected in a domestic violence situation, heal in a safe space with professional counselors, and advocates for their well being. Spending time outdoors is one of the fastest ways to improve health and lower stress. We ask that you consider a financial donation to support our efforts to build an outdoor Stone Healing Garden for visitors, children and families.

Thank you in advance for your consideration and future efforts to help us continue the history of LLC and our enduring commitment to public service.

Sincerely,

Larry Gates,
Event Chair
