

MOBILE APP GUIDE

How to Access the Focus on the Future 2026 Mobile App

The conference app runs inside **Swoogo: Go Attend**, a free app for iPhone and Android. Setup takes about two minutes: download the app, log in with your registration email, and enter the code we email you.

Before you start

You must be registered for the conference under your own email address. The app recognizes you by that email, so a shared or group address will not work.

- Not sure which email you used? Check your registration confirmation email.
- If a colleague registered you, confirm which email address they entered for you.
- Not registered yet? Complete your registration first, then return to these steps.

STEP 1 Download the app

Search for **Swoogo: Go Attend** in your phone's app store or use the direct links below. The app is free.

Device	Where to get it
iPhone	**App Store: Swoogo: Go Attend**
Android	**Google Play: Swoogo: Go Attend**

Make sure the app is named “Go Attend” and published by Swoogo. *Swoogo has an older app called “Attendee Mobile” that will not show our event.*

STEP 2 Log in

1. Open the Go Attend app.
2. Enter the email address you used to register for the conference.
3. Check your email for a message from Self-Help Counties Coalition - Focus on the Future. It contains a code.
4. Enter that code in the app to complete the set-up.
5. Allow notifications when asked, so you receive schedule changes and announcements during the conference.

You do not need to search for the conference. It appears automatically once you enter your code.

Once you are in, the Home screen shows the conference dates and location. Use the tabs along the bottom to browse Sessions, Speakers, Exhibitors, and FAQs, and tap the star to save favorites.

Trouble logging in?

Problem	What to do
The app does not recognize your email	Use the exact address on your registration confirmation. Check for typos and for a work versus personal address.
Someone else registered you	Ask them which email they entered for you and log in with that one.
The conference does not appear after you log in	Confirm you downloaded “Swoogo: Go Attend” and not “Attendee Mobile”, and that you logged in with the email address you registered with.
You are not registered yet	Register for the conference first. The app is open to registered attendees only.

Still stuck? Contact Jenny Devine at selfhelpcounties@gmail.com or stop by the registration desk on site.
