Application Questions

Please respond to the following questions in 2 pages or less.

1. Describe your project, program, initiative, or innovative practice. What challenge or opportunity does it address, and how does it support transportation or organizational excellence?

2. What makes your approach innovative or effective? Describe any new technologies, creative practices, workforce strategies, or partnerships involved.

3. How does your initiative improve employee experiences, agency operations, organizational effectiveness, transportation services, or project delivery?

4. What lessons learned, best practices, or recommendations would you share with other transportation professionals interested in implementing similar innovations or AI solutions?

5. What measurable outcomes or anticipated benefits have resulted from this initiative? Examples include time or cost savings, improved employee engagement, stronger collaboration, enhanced customer service, or operational efficiency.

6. Please provide any additional information that makes your project unique or valuable to conference attendees.

7. Would you like to be considered for a brief video interview to broadcast on our virtual platform?

☐ Yes ☐ No

EVERY INNOVATION HAS A STORY!

Whether you are addressing workforce challenges, supporting employees, improving operations, using technology, or finding creative ways to deliver projects, we encourage you to participate. AI experience is not required; practical ideas and meaningful improvements are equally welcome.
