## Tips for first time users of Zoom:

### **PC/Laptop/iPad, notebook or phone Requirements:**

1. You need a PC, laptop, iPad, notebook, iPhone or Android phone. If using your phone you can dial in and enter the Meeting ID code to get into the meeting.
2. Direct cable internet connection (recommended) or reliable Wifi if using a laptop or computer. Weak wifi causes your screen to freeze.
3. Webcam, speakers and microphone for PC or laptop. iPhone, iPad or Android phones and tablets already have a camera and speakers. Use what you have!

### **Do the following before Sunday Hospitality starts:**

1. Sign up and download the free Zoom software at <https://zoom.us/signup>. You can set up Zoom with your email address, Google or Facebook. The website asks for your work email, but your personal email works just fine. Yes, it really is FREE.
2. Check that your webcam, speakers and microphone work. If you aren't sure how to do this, ask anyone for help who's under the age of 45-children, grandchildren, etc. 85-year-olds can do it, so you can master this!
3. You might need to purchase a webcam with speakers and a microphone even if your laptop has a built-in webcam. For about \$20 you can purchase a reliable webcam with speakers and microphone on Amazon, eBay or at Best Buy. One reasonably priced option is Logitech C270 Webcam HD 720p 3 Megapixel. It's plug and play. There are higher priced and cheaper models. Gear Head has another inexpensive webcam.
4. Go to YouTube and watch 2 tutorials: "[Signing up for Zoom](#)" and "[How to Join a Meeting](#)".
5. Join Sunday Hospitality about 10 minutes prior to start time to work out any challenges with your equipment.

### **You don't have a computer or a 'smart phone'?**

1. You can still listen and participate – you just won't have video to see everyone, but that's okay!
2. If you just want to call in and just hear what's going on, you can join the chat by dialing **1 669 900 6833** from ANY phone and entering the **Meeting ID # 853 7670 1907** and **Password: 952965**
