

## **40 Days for Life Spring Campaign Closing in HEMPSTEAD**

All Glory and Honor to God. We had an amazing Spring 40 Days for Life campaign!!

Thanks to sidewalk counselors and prayer warriors, three women went to the Pregnancy Center for pregnancy tests, in which two were abortion vulnerable and one was undecided on keeping the baby. All were sent to Mercy Hospital for sonograms and counseled on the help available to them, etc. Please keep these women in your prayers. Additionally, three other women went to the pregnancy center for baby items.

Overall, the 40 Days for Life Campaign resulted in four baby saves (that we know of) seven pregnancy tests and fourteen baby items referrals!

On Saturday March 27th, approximately sixty prayer warriors attended the 40 Days for Life closing Rosary/Divine Mercy service, led by Fr. Liam McDonald in front of the Hempstead Planned Parenthood. It was a powerful and grace filled experience.

A man leaving Planned Parenthood prayed with us and spoke to a sidewalk counselor about a past abortion. Afterwards, the man said he will go to confession along with his wife.

Please continue to pray in front of the Hempstead Planned Parenthood. Your presence is a powerful Pro-life witness to the community, Planned Parenthood employees and the abortion minded mothers entering Planned Parenthood. You're also giving dignity to the unborn babies being aborted, someone loved and cared about them to be there.

Prayer: Lord, we are people of hope. Grant us perseverance and victory in the battle for life.

See you for the Fall campaign!  
God Bless you,  
The Pro Bikers for Life.
