RCC PAVEMENT COUNCIL

What Is The RCC Pavement Council?

The Roller Compacted Concrete (RCC) Pavement Council is a volunteer industry trade association representing the interest of those involved with the construction of Roller Compacted Concrete Pavements. The RCC Pavement Council supports Research and Promotion to improve the quality of RCC pavements and expand their use in a responsible and sustainable manner.

What Are The Benefits To My Company From Joining The Council?

1. Increased demand for company products & services
2. Development of best construction practices
3. Participation in emerging research
4. Direct access to buyers of materials, equipment, and outside services

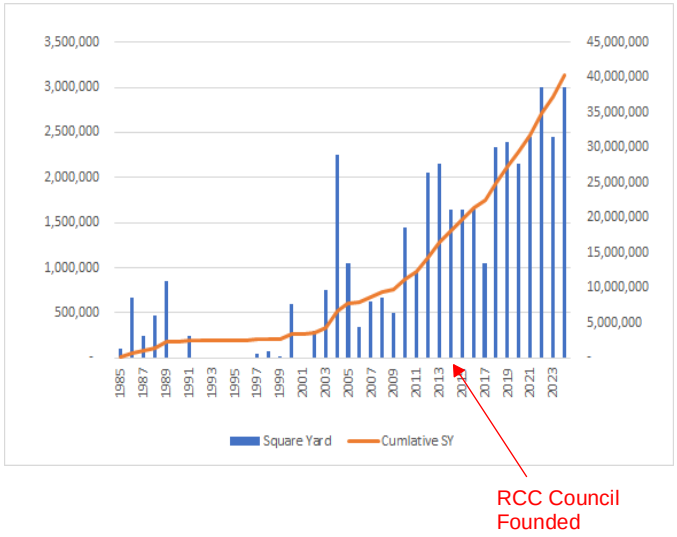

How much does it cost to join the Council?

$3,000 for contractors & allies (materials & equipment suppliers)
$500 for associates (engineers, architects, service providers)

No paid staff - all council dues are fed directly to *Promotion* and *Research* activities.

RCC Pavement Growth

3,000,000 SY of RCC equates to annual purchases of:

200,000+ tons of cement / slag / ash 

1,300,000+ tons of aggregate 

Pavers, Mixing Plants, Rollers, MTVs, Saws, misc. equipment, additives, and more

The Council membership includes 16 contractor members across the United States and even into Canada.
