

Latest update on the status of the Next to New Sale in May

We now have two holding areas for the donations we're receiving: the yellow room off the auditorium and the entire Jenny Lind room. Now our goal is to fill those rooms with household items that are clean and still useable. Kitchen items, toys, linens, patio furnishings, books, tools, sports equipment (*no clothing or electronics*)... We will gladly accept them all and give them a new home.

We have been blessed beyond measure with lots of "stuff". You know the feeling. Sometimes we consider buying a larger home just to accommodate our belongings. Let's instead give them new life through our sale and help the Dominican Republic mission project at the same time. Box or bag up your treasures, and bring them to the church. The church office and Linda Northrup have keys for the two storage areas.

So, I urge you to clean out your basements, your attics, your garage, and try to let your head be your guide and not your heart. Think of it as an early Spring cleaning. We are providing aid to the mission project and providing a little feng shui in our lives.

Any questions or suggestions, please call me at 491-7070.
