

Claude Robold serves as a member of India Gospel League North America. He shares his story of a recent visit to India.

"I was attending the 30th anniversary of the India Gospel League North America board meeting in India this past November. The India Gospel League India is one of our partners in sharing the *DECade by Decade* book. Seed Planting Team has provided funding for *DECade by Decade* to be translated, printed and distributed by the India Gospel League in five languages of South Asia.

"I was privileged to gather with leaders from India when they received their first copy of *DECade by Decade*. The joy with which they received this resource was a wonderful experience. I was asked to lead a session teaching from the book. These leaders readily grasped the concepts of clarity for their decade, perspective for the decade of others, and the value of planting eternal seeds.

"I also shared *DECade by Decade* with the board members of India Gospel League North America. One of the board members, after reading it, asked what it would cost to underwrite the cost of publishing the book in two more languages. After I told him the cost for each language is \$5,000, he asked where to send his \$10,000 contribution.

"I have enjoyed the blessing of seeing how God provides partners from all over the world to join in planting eternal seeds. I would invite you to join us by going to our website, [SeedPlantingTeam.Life](http://SeedPlantingTeam.Life), and placing your order of books to share with others planting eternal seeds."

**Remember — WE ARE:**

- *Bringing clarity to each decade!*
  - *Bringing perspective to all of life!*
- ***PLANTING ETERNAL SEEDS!***
