

Arts Education Series

Transforming Schools Through the Power of the Arts

Embracing the Arts - A Pathway to Well-Rounded Education

February 21, 2019 | 9am - 3pm

at Foundation for Educational Administration Conference Center
12 Center Drive, Monroe, NJ 08831

The arts, as a core curricular area, are a meaningful component of the Every Student Succeeds Act. Learn more about the opportunities to include the arts as an important dimension of student learning. This session will help school and district leaders to better understand how a consistent commitment to arts education leads to positive school climate, family and community engagement, as well as students' academic and social-emotional development. This is an opportunity to learn directly from both practitioners and researchers about the impact of arts learning.

Presenters:

- **Rose Acerra**, President, NJPTA
- **Vincent DeLucia**, Educator-in-Residence, Director of Training and Professional Development, New Jersey School Boards Association
- **Rosie Grant**, Executive Director, Paterson Education Fund
- **Adrienne Hill**, Principal, Hedgepeth Williams Middle School of the Arts, Trenton Public Schools
- **Bob Morrison**, Director, Arts Ed NJ
