The goal is to improve our spiritual visioning skills with the intent to more consistently hold the highest vision for ourselves and the world around us.

Content:

- We will commune with the heart of Cyclopea and Virginia and the Meru University sponsoring masters, the God and Goddess Meru.
- A brief presentation on the pineal gland from contemporary sources and the ascended masters.
- Fun interactive exercises designed to give students the opportunity to experience and interact with their inner Self.
- Carefully crafted imagery will allow participants to work on all their chakras and strengthen the pineal by alternately watching short videos and then going within to work with their own inner teacher to recreate those visuals.
- Music and meditation will be utilized to balance out the class and students will have the opportunity to share, if they desire.
