

31st Annual Cornette Ball to honor Dr. Mark Browning

A native of Evansville, St. Vincent de Paul Award Winner Dr. Mark Browning has lived a life of service — first serving his country in the Navy, and now as a physician beloved by his patients.

As a practicing physician at Oncology Hematology Associates, Dr. Browning always makes time for his patients — often giving them his personal number so they can reach him — day or night.

Dr. Browning also serves his community with the same care and attention to detail he provides his patients. The Foundation has been thankful to have Dr. Browning as a dedicated board member for several years. Additionally, he serves as a Clinical Professor of Medicine and Chairman of the Community Advisory Council for Indiana University School of Medicine - Evansville. Dr. Browning also assists in the development of BrowningGenealogy.org, a genealogy database through the Evansville Public Library System. He also serves as a director for the University of Southern Indiana and Evansville Public Library Foundations.

Dr. Browning earned his undergraduate degree in Medical Science from Loyola University, in New Orleans, LA. He then obtained his Doctorate of Medical Science from Indiana University School of Medicine in Indianapolis, IN. While serving in the Navy, Dr. Browning completed his Internship, Residency, and Fellowship at the Naval Hospital in Bethesda, MD. He had many academic appointments while serving with the Navy in Bethesda, MD, Oakland, CA, San Francisco, CA, and San Diego, CA. Dr. Browning is Board Certified in Internal Medicine, Medical Oncology and Hematology.

Outside of his professional life, Dr. Browning enjoys spending time with his wife, Jennifer and sons, Ryan and John.

Dr. Browning will be honored with his award at our 31st Annual Cornette Ball on Saturday, October 20 at West Baden Springs Hotel. Celebrate with us at our “Starry Night” themed event - complete with dancing to the Celebrity All Star Band and a delicious, multi-course sit-down dinner and midnight snack.

This year, net proceeds from the Cornette Ball are going toward the purchase of a new, state-of-the-art mobile mammography coach which will provide free breast cancer screenings for individuals in need throughout our community.

Please call Jessica Roos, Grants and Events Coordinator, to register at 812-485-5850.
