**The LiRo Group** is an award-winning Integrated Construction, Design, and Technology Solutions' firm, consistently ranking among the U.S.'s top companies in a variety of sectors. Since our founding in 1984, we continue to meet tough construction/ program management, engineering, environmental, and architectural challenges head on. Our network of experts in the Northeast and West Coast serves a broad range of public and private sector clients, from villages and developers to major state agencies. LiRo's knowledge in transportation, infrastructure, and public building projects has led to our involvement with some of the country's top projects and landmarks, including the post-9/11 rebuilding of Lower Manhattan, the Number 7 Subway Line Extension, East Side Access, Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo, and the High Line Park.

At LiRo, we're more than just the services we provide. We are a team of nearly 900 professionals with the knowledge, ability, and desire to create innovative yet practical solutions. Our team executes projects safely and cost-efficiently. We are well-versed in sustainability best practices, evolving Building Information Modeling (BIM) technologies, and risk analysis. We provide opportunities for staff to collaborate with all of our disciplines, and stay current with the latest methods and trends through a variety of in-house and external training.

**Tonio Burgos and Associates, Inc.** offers over 30 years of experience in government relations and strategic business planning. Tonio Burgos spent 20 years in a public service career before he founded Tonio Burgos and Associates, Inc. During that time, he developed a wide variety of relationships in the public policy arena. The firm navigates today's public policy and economic uncertainty to strategically address your business needs. The firm focuses on a broad array of sectors including real estate, transportation and infrastructure, labor, healthcare and technology.

Amid the economic uncertainty that accompanies the increasing convergence of public policy issues and business interests, Tonio Burgos and Associates, Inc. engages clients in a proactive approach that provides a more sophisticated understanding of government practices and regulatory processes. We offer your company an experienced team of strategic advisers who are well-versed in both the private and public sectors to better maximize your goals and objectives. With deep roots within a diverse set of communities, our team of professionals assists clients in developing meaningful engagement and forging coalitions that ultimately build support for their objectives.
