

Dear Parents and Guardians,

We are thrilled to announce a very special opportunity for our Cycle 1 students! This year, we are organizing an exchange trip with a school located on an island near Tofino, British Columbia.

The program will include one week spent in [Ahousat](#) and one week where we host the visiting students here. It's a wonderful experience that will allow our students to discover a new part of Canada, learn about coastal life, and build meaningful connections with students from another community.

The total cost of the exchange is \$ 1,100, which includes flights, meals, accommodations, and all planned activities.

An information session will be held on Thursday, November 27 and Thursday, December 11<sup>th</sup> at 7h30 pm via [MEET](#), for parents who would like to learn more or ask questions.

We truly believe this exchange will be a memorable and enriching experience for all students involved.

Warm regards,

Andrée-Ann and Catherine
