Subject: Career and Passion Day

Dear Parents,
Dear Valued Collaborators,

An exciting project is taking shape on the horizon for Vanguard Elementary School students! Our team is organizing a **"Great Day of Possibilities"** (*Grande Journée des Possibles*), and you can help us make it happen!

Are you a biologist, nutritionist, refrigeration technician, or obstacle course champion? Do you know everything about pandas, make chocolate, sing opera, or know how to sew pajamas? We want this day to allow our students to discover a wide variety of passions and all the different ways they can shine. Knowing that an inspired student is far more likely to persevere, we need to help them find their spark! Who better than you to guide them on this wonderful journey?

We are looking for parent volunteers to come and interactively present their profession or passion. You don't need to be a professional public speaker: your authenticity and an object symbolizing your work or hobby are all it takes to spark their curiosity.

Format of your session:

- A 10-to-15-minute presentation in front of a small group of students.
- A concrete, interactive discussion: your daily routine, the tools you use, and the path/studies that led you there.
- If possible, a brief demonstration or a hands-on object for the students to handle.

If you would like to share your experience, please fill out this form **by November 30.**

DATE: December 11, 2026

TIME: 2 blocks: 9:30 AM to 11:30 AM and/or 12:00 PM to 2:30 PM

LOCATION: Vanguard School

We will follow up with you quickly to confirm the logistical details for the day.

Thank you warmly for your involvement in the success and personal growth of our students.

Best Regards,

Andréanne Chagnon
Principal
Vanguard Elementary School
