

HPV Vaccination Influencers Study

Attention South Carolina Parents!

Participants will be invited to join a private Facebook group, receive bi-weekly emails with facts about HPV vaccination, and attend online webinars about HPV vaccination. Participants will be asked to complete web-based surveys and online focus groups.

Are you an active social media user who supports HPV vaccination?

Researchers at the College of Charleston are recruiting parents to train and support as proponents of HPV vaccination.

To see if you qualify for the study or for more information, contact:
BLS@CofC.edu

COLLEGE of
CHARLESTON

Participants can earn up to \$140 for completion of this study.
