The NIACC Foundation cordially invites you to be a part of the review committee for the 2020-21 scholarship applications. Learn how scholars are selected, the criteria in which they are scored and be a part of the reading /scoring process. We will use your scores as a basis for awarding scholarships for the 2020-21 academic year. In addition to the reading and scoring of applications, we will provide food and refreshments as our way of thanking you for providing this invaluable assistance.

Volunteering to read scholarships is a wonderful way to develop a deeper understanding of the many challenges students face. You will have an opportunity to meet donors, NIACC Board Members and community members who all have the same goal in mind...investing in the future of area students. You will receive instructions on the scholarship reading process.

In order to make proper arrangements, we ask that you kindly RSVP via phone at (641) 422-4386 or email to [danielle.arnold@niacc.edu](mailto:danielle.arnold@niacc.edu) @niacc.edu **by February 24th.**
